Micro Irrigation Command Area Development Authority
Bays - 39 & 40, Sector-4, Panchkula

New Registration of Manufactures/ Suppliers
(Piped Distribution System, Micro-irrigation System & Automation up to 2029-2030)

The applications are invited on www.micada.haryana.gov.in web portal for registration of manufacturers/suppliers for supply & installation of Piped Distribution System, Micro Irrigation Systems (Portable Sprinkler, Mini-Sprinkler, Micro Sprinkler, Rain-gun Sprinkler, Central Pivot Sprinkler & Drip), On Farm Water Tank (OFWT) and Automation up to 2029-30. The registration will be carried out on the following specifications of materials and Terms & Conditions: -

A) Specifications of the Material

The specifications of material required for Piped Distribution System and Micro Irrigation Systems (Portable Sprinkler, Mini-Sprinkler, Micro Sprinkler, Rain-gun Sprinkler, Central Pivot Sprinkler & Drip), OFWT and Automation are as under:

(i) Piped Distribution System

Sr. No.	Component	Specification & its latest amendments	Size/Class/Working Pressure/Type
1.	PE Pipe	IS17425: 2020 & its latest amendments	63 mm to 200mm/Class I & 2/0.25 MPa & 0.32MPa
2.	UPVC Pipe	IS 4985: 2021 & its latest amendments	63mm to 630mm/class1 & class 2/0.25 MPa &0.4 MPa/ Type B
3.	PCN	IS17425: 2020 & its latest amendments	63 mm to 200 mm
4.	Tee	IS17425: 2020 & its latest amendments	63 mm to 200 mm
5.	Bend	IS17425: 2020 & its latest amendments	63 mm to 200 mm
6.	End Cap	IS17425: 2020 & its latest amendments	63 mm to 200 mm
7.	Quick Coupler	IS17425: 2020 & its latest amendments	63 mm to 200 mm
8.	Air Release Valve (ARV)	As specified	1 inch to 2.5 inch

(ii) Portable Sprinkler

Sr. No.	Component	Specification	Size/Class/Working Pressure
1.	Quick Coupled PE Pipe	IS17425: 2020 & its latest amendments	63mm, 75mm & 90mm / class 1&2 / 0.25 MPa & 0.32 MPa
2.	Rotating Sprinkler Nozzle (Metal)	IS12232:1996 Part I & II & its latest amendments	¾ inch Inlet
3.	Sprinkler Riser – Metallic	IS1239 Part 2: 2011 & its latest amendments	Nominal size & length as required
4.	Pump Connecting Nipple	IS17425: 2020 & its latest amendments	As per specification/design declared by the manufacturer suitable to the class & dimensions of pipes.
5.	Quick Coupled Sprinkler Saddles (Foot Batten)	IS17425: 2020 & its latest amendments	63mm, 75mm, 90mm
6.	Quick Coupled Tee	IS17425: 2020 & its latest amendments	43mm to 110mm
7.	Quick Coupled Bend	IS17425: 2020 & its latest amendments	43mm to 110mm
8.	Quick Coupled End Cap	IS17425: 2020 & its latest amendments	43mm to 110mm
9.	Attachments	As Specified	43mm to 110mm

(iii) Mini-Sprinkler

Sr. No.	Component	Specification	Size/Class/Working Pressure
1.	PE Pipe (Bare & Coupled Pipe)	IS17425: 2020 & its latest amendments	63mm, 75mm, 90mm & 110mm / Class-1, 2 & 3 / 0.25 MPa, 0.32MPa & 0.4 MPa
2.	UPVC Pipe	IS4985: 2021 & its latest amendments	63mm, 75mm, 90mm & 110mm / Class-2 / 0.4 MPa
3.	PE Lateral	IS12786: 2024 & its latest amendments	32mm / Class-2 / 0.25 MPa
4.	Header Assembly / Manifold	IS12786: 2024 & its latest amendments	1.5 inch, 2 inch, 2.5 inch & 3 inch
5.	Mini -Sprinkler/ Nozzle with complete Assembly	IS12232:1996 Part I & II & its latest amendments	1/2 inch inlet/Mini Sprinkler 180° (Year)

6.	Riser (Stake) (1.2m & 1.5m)	Electro Plated / Galvanized	8 mm
7.	Control Valve	Test Certificate	63mm to 110mm
8.	Flush Valve	Test Certificate	63mm to 110mm
9.	Male/Female Threaded Adaptor	UPVC - IS7834 :1987 / PE-Test Certificate	63mm to 110mm
10.	Bend/Elbow	UPVC - IS7834 :1987 / PE-Test Certificate	63mm to 110mm
11.	Tee	UPVC - IS7834 :1987 / PE-Test Certificate	63mm to 110mm
12.	End Cap	UPVC - IS7834 :1987 / PE-Test Certificate	63mm to 110mm
13.	Service Saddle (PVC/HDPE)	Test Certificate	63mm to 110mm
14.	Screen Filter with inlet & outlet	IS12785 :1994 & its latest amendments	Capacity 20,25,30,40 & 50m^3 per hour
15.	Reducing Socket	-	As per requirement
16.	Air Release Valve (ARV)	-	1 inch, 1.5 inch, 2 inch & 2.5 inch
17.	**Fittings**		
(i)	Lateral Valve (PVC/PP)	Test Certificate	32 mm
(ii)	Male/Female Threaded Adaptor (UPVC/PP)	Test Certificate	32 mm
(iii)	Joint Coupler (UPVC/PP)	Test Certificate	32 mm
(iv)	End cap (UPVC/PP)	Test Certificate	32 mm
(v)	Tee(UPVC/PP)	Test Certificate	32 mm
(vi)	Bend / Elbow(UPVC/PP)	Test Certificate	32 mm

(iv) Drip Irrigation

Sr. No.	**Component**	**Specification**	**Size/Class/Working Pressure**
A	**Head Control Unit**		
(i)	Strainer type filter Inlet & Outlet Fittings	IS 12785 :1994 & its latest amendments	Capacity 20,25,30,40 & 50m^3 per hour
(ii)	Header Assembly/ Manifold	--	1.5 inch, 2 inch & 2.5 inch & 3 inch

(iii)	Non Return Valve	--	1.5 to 2.5 inch
(iv)	Air Release Valve	--	1 inch, 1.5 inch, 2 inch & 2.5 & inch
(v)	Pressure Guage	Test Certificate	2.0 inch
(vi)	Ventur with Manifold	IS 14483 Part-I :1997 & its latest amendments	3/4 to 2.0 inch
(vii)	Reducing Socket	--	As per requirement
	Optional Items		
(a)	Fertilizer Tank	IS14483 Part-3 :2018 & its latest amendments	30/60/90 Ltr.
(b)	Hydro Cyclone Filter with inlet & outlet	IS 14743 :2024 & its latest amendments	Capacity 20,25,30,40 & 50m^3 per hour
(c)	Sand Filter with inlet & outlet	IS 14606 :2022 & its latest amendments	Capacity 10, 20,25,30,40 & 50m^3 per hour
B	**Water Carrier System**		
(i)	UPVC Pipe	IS 4985 :2000 & its latest amendments	4 kg/cm^2 (63mm, 75mm, 90mm & 110mm)
(ii)	Control Value	Test Certificate	63mm to 110mm
(iii)	Flush Value	Test Certificate	63mm to 110mm
(iv)	Male/Female Threaded Adaptor	UPVC - IS7834 :1987 & its latest amendments	63mm to 110mm
(v)	Bend/Elbow	UPVC - IS7834 :1987 & its latest amendments	63mm to 110mm
(vi)	Tee	UPVC - IS7834 :1987 & its latest amendments	63mm to 110mm
(vii)	End Cap	UPVC - IS7834 :1987 & its latest amendments	63mm to 110mm
C.	**Water Distribution System**		
(i)	PE Lateral	IS 12786 :1989 & its latest amendments	2.5 kg/cm^2 (16mm)
(ii)	Emitting Pipe (NPC)	IS 13488 :1992 & its latest amendments	1.25 kg/cm^2 (16mm)30cm
			1.25 kg/cm^2 (16mm)40cm
			1.25 kg/cm^2 (16mm)60cm
(iii)	Emitting Pipe (PC)	IS 13488 :1992 & its latest amendments	1.25 kg/cm^2 (16mm)30cm
			1.25 kg/cm^2 (16mm)40cm
			1.25 kg/cm^2 (16mm)60cm
(iv)	Dripper/Emitter (NPC)	IS: 13487 & its latest amendments	2/4/8 LPH
(v)	Dripper/Emitter (PC)	IS: 13487 & its latest amendments	2/4/8 LPH

(vi)	Grommet	-	16mm
(vii)	Take Off/ Start Connector	-	16mm
(viii)	Nipple/ Joiner	-	16mm
(ix)	End Cap	-	16mm
(x)	Lateral Cock	-	16mm

(v) **Automation:** As per manufacturer specifications.

(vi) **Rain Gun:** As per manufacturer specifications.

(vii) **Centre Pivot Sprinkler:** As per manufacturer specifications.

(viii) **Micro Sprinkler:** As per manufacturer specifications.

(ix) **On Farm Water Tank:**

Polyethylene sheet as per IS 15351: 2016 or its latest amendments of 500-micron type I of required width and shall be constructed as per IS 15828:2009. Earth work shall be carried out as per the PWD specifications and all the earth excavated must be deposited on the tank site.

Note: For detail of components kindly go through the PDMC revised guidelines, 2025 & signup on portal.

B) Terms and Conditions for Registration

1) The Manufacturer / Supplier should have valid GST & PAN/TAN Card.

2) Manufacturer/ Supplier shall apply online separately for registration of piped distribution system, micro irrigation system & automation of MIS along with mandatory documents as per check List given on the www.micada.haryana.gov.in portal.

3) Manufacturer/Supplier shall upload the self-attested copies of all requisite documents duly signed by authorised person. The registration fee (original) shall be produced by the Manufacturer /Supplier at the time of verification of documents by the Committee constituted.

4) The registration of manufacturer with MICADA, Haryana shall be mandatory, for registration of supplier for any irrigation system. Moreover, one manufacturer limited to authorize up to three suppliers

only in MICADA, Haryana that is also region wise (not more than one in one region).

5) Agreement between manufacturer (s) & supplier shall be mandatory for registration of supplier for any system **(Annexure-'A')**.

6) The agreement of BIS specified materials which are proposed to be out-sourced from another manufacturer shall also be mandatory.

7) Manufacturer/ Supplier shall give the following undertaking on ₹100/- Non-Judicial Stamp Paper:

We…… having our Head Office at ……. & Branch office at …….. applying for the registration as a manufacturer / supplier of Piped Distribution System, Micro Irrigation System (Portable Sprinkler, Mini-Sprinkler, Micro Sprinkler, Rain-gun Sprinkler, Central Pivot Sprinkler, Drip), Automation & OFWT, in Haryana State and declare & undertake as under:

- *That we will supply & install irrigation system, components, products, devices confirming to BIS standards/Specifications laid by the authorities only.*
- *That we will provide free 'after sale services' & warranty for the next three years w.e.f. date of installation.*
- *That we will supply user manual in Hindi & English known by the farmer for the operation & maintenance of the systems supplied by us.*
- *That we will design, supply & install effective and proper system in accordance with the crop spacing, water requirement of the crop or as per requirement of farmer & site.*
- *That performance of the system installed shall meet the satisfaction of the concerned farmer (s) and key performance indicators (KPIs) as fixed by MICADA time to time.*
- *That we will repair or replace any component / instrument of the system having manufacturing defect (s) or workmanship defect (s) free of cost during warranty period of three years from the date of installation of system and also provide the guarantee of the quality assurance of other components which are manufactured by us.*

- *That we will provide acid/chlorine treatment to drip irrigation system once during the first year of operation of the system.*
- *That we will set up service centres for providing technological support at the grass root level.*
- *That we will attend the farmer(s) within a week of receipt of the complaint.*
- *That we will provide after sale services & campaigns as per the revised PDMC guidelines issued by GoI.*
- *That we will submit the pricing system of the company/firm to the MICADA at the beginning of the year and as & when the prices are revised by the company/firm.*
- *That we will authenticate all the invoices supplied by us and the company will be fully responsible for the GST deductions & authentication thereof.*

- *That we will abide by the Government rules and regulations, terms & conditions and instructions issued by MICADA from time to time.*
- *That we will provide service centre facilities to provide technical guidance on system maintenance schedule, supply spare parts and satisfactory performance of the system during the warranty period of minimum three years and we also operate a customer care where beneficiaries can register their complaints and provide system generated monthly reports to the MICADA, HQ. Moreover, we also widely publicised list of service centres/offices / offices of authorised distributors with full address /telephone numbers /e-mail.*

8) The grace period will be of 2 months for submission of copy of renewed BIS license from the date of expiry, failing which their estimate process shall automatically stand withheld.

9) Registration fee (non-refundable) shall be deposited in shape of Bank Draft in favour of Administrator, MICADA payable at Panchkula as per details given below:

Sl No.	**System**	**Amount in Rs.**
1	Piped Distribution	15,000/-

	System	
2	Sprinkler	15,000/-
3	Mini-Sprinkler	25,000/-
4	Drip	25,000/-
5	Rain Gun	15,000/-
6	Micro Sprinkler	15,000/-
7	Centre Pivot	15,000/-
8	Automation	15,000/-
9	OFWT	15000/-

The Bank details are as under:

Name of the Account Holder	:	ADMINISTRATOR MICADA
Name of Bank	:	HDFC Bank Ltd.
Bank A/c No.	:	50100768328752
IFSC Code	:	HDFC0001395
Branch Address	:	HDFC Bank Ltd., Sector-16, Panchkula.

10) The registration fee will be utilized for the purpose of implementation of programme (Admn./Office Expenses/contingencies), effective management of Transfer of Technology (ToT), Training of staff & farmers, Exposure visits, Workshops / Meetings, Publicity campaign, office renovation & repair and any purpose related to promotion of Micro Irrigation only.

11) Manufacturer / supplier shall furnish the Bank Guarantee separately pledged in favour of Administrator, MICADA and payable at Panchkula as per details as under:

Sl No.	**System**	**Amount (₹in lakh)**
1	Piped Distribution System	10.00
2	Sprinkler	10.00
3	Mini-Sprinkler	25.00
4	Drip	25.00
5	Rain Gun	5.00
6	Micro Sprinkler	5.00
7	Centre Pivot	10.00
8	Automation	15.00
9	OFWT	10.00

The Bank details are as under:

Name of the Account Holder	:	ADMINISTRATOR MICADA
Name of Bank	:	HDFC Bank Ltd.
Bank A/c No.	:	50100768328752
IFSC Code	:	HDFC0001395
Branch Address	:	HDFC Bank Ltd., Sector-16, Panchkula.

12) The Bank Guarantee (BG) shall be valid up to 31.03.2030. In case of any dispute/irregularity, the BG will not be released till decision by the competent authority.

13) The manufacturer/supplier can choose only three manufacturing firms of other components which are not manufactured by them and declare the list of manufacturing firms' component/item wise. The manufacturer/supplier firm shall only be allowed to change the Manufacturing firms of other components from the three declared manufacturing firms only with prior approval of the MICADA, Haryana.

14) Manufacturer/Supplier shall be allowed to supply only one brand of product. A certified copy of application/registration of Trade Mark from the competent authority shall be submitted in support of 'Brand Name' or which the offer has been submitted.

15) Manufacturer and Supplier shall only be allowed to raise the bill (e-invoice only) against Haryana GST No. Only and GST No. should be invariably printed on each bill. In case of supplier firm, the name of manufacturer and CM/L No. of main component of system should invariably be mentioned on the bill.

16) The bill raised by the supplier / manufacturer for any state will be digitally signed by the authorized signatory of the manufacturer. The material will be supplied to the farmer through e-way billing wherever applicable.

17) The firms registered shall establish their offices and Godowns in Haryana State to raise the bill and to provide after sales service to the farmers. The firms shall submit the address of office and Godown with details of contact person (contact no. & email address) to MICADA within one month of registration.

18) The manufacturer shall submit consolidated Annual Report of the material sold in the State in the month of April every year. In case of supplier, the firm shall submit the Annual report of material sold in the State along with certified copy(s) of the bills of manufacturer for the same period.

19) The registered firm shall be bound to supply the material as per BIS specification. CM/L No., Batch No./Lot No., Manufacturer's name etc. should be engraved on accessories and embossed on PE/UPVC/PE Lateral pipes as per norms of BIS specifications.

20) The rates for pipes and accessories quoted by the manufacturer / supplier shall be excluding the applicable GST.

21) If any registered firm quotes / charges lesser rates in any other government department / organization / agency in the State, the same shall be intimated to the Administrator, MICADA immediately for rectification of rates.

22) In case of mini-sprinkler, drip irrigation, micro sprinkler, centre pivot, rain gun etc. system, the manufacturer / supplier firm shall appoint (Jointly or Individual) an engineer for designing of system and appoint agronomist for agronomical support to the farmers. The manufacturer/supplier shall provide the name, address, and contact no. of such engineer & agronomist to the MICADA. Such engineer shall also monitor the system/attend the farmers who have procured the system through its supplier.

23) All the firms registered for supply of Mini-sprinkler/Drip irrigation/Micro Sprinkler/Rain Gun/Centre Pivot/Automation/OFWT of system shall demonstrate the technology at farmer's field or the location decided by MICADA during registration. The firm shall also organize training camps twice in a year (preferably April & May and October & November) for mass awareness & motivation of farmers for adoption of micro-irrigation technology, and report to MICADA 15 days in advance.

24) The performance of the registered firm shall be assessed every year on the basis of total area covered, services rendered, performance of the system installed, complaints received etc.

25) The Administrator, MICADA may allot the annual physical target district wise / project wise to the registered vendors.

26) Applications received after due date will not be considered in any circumstances. However, in case of deficient documents such as copy of BIS license(s)/ test certificate(s) etc., the firm shall only be considered for registration after submission of complete documents.

27) No application shall be entertained for new registration in the mid of any financial year. However, to provide wider choice to the farmers, the registration of new firm(s) will be entertained in the month of February every year.

28) The registration of firms shall be valid up to 31.03.2030.

29) All agricultural & horticultural crops shall be covered under PDMC scheme.

30) The reasonability of rates shall be calculated on the basis of rates quoted by the firms, rates negotiated with the firms by the Committee duly constituted and the average cost of raw material. Price variation in regard to raw material, price of polymer & other costs due to fluctuation in national & international prices may be revised as per the revision by the DA&FW, GoI.

31) Manufacturer/Supplier has to submit assessment report to MICADA after issuing letter of approval from third party inspection agencies (TPIA) (Crown Agents/RITES/PDIL/CIPET). Moreover, reports already made available with the agency not more than year old may also be accepted.

32) QR codding on Micro Irrigation System installed of hologram having golden foil high level security (Pseudo E-Beam Effect) with temper proof advance security feature shall be pasted in the individual pipe/coil.

33) As per PDMC guidelines/relevant Indian Standards, random samples of PE/UPVC/Lateral Pipes/Emitters /polyethylene sheet shall be drawn for quality tests as per the procedure given here-in-below:

a) Sample will be drawn by an officer/team of officers deputed by the Administrator, MICADA in the presence of representative of the firm.

b) 4 pieces of PE/UPVC pipe of 1m length and 15 m length PE lateral, 50 m for emitting pipe, 50 No. emitters will be taken for quality testing for piped distribution system/ Portable Sprinkler/Mini-sprinkler/Drip irrigation systems.

c) Samples of polyethylene sheet will be taken as per relevant BIS.

d) Material taken for the sample will be replaced to the farmer by the concerned firm within 7 days from the date of drawl of sample.

e) Sealed Sample will contain Sampling Performa duly filled viz., name of firm with complete address, contract No./Fax No./Email, Sample Code No., CM/L No. Batch/Lot No. And Trade Mark etc.

f) Sample drawn will be sent for quality test to the Testing Laboratories approved by GoI.

The samples of material may also be drawn, if any complaint is received/depending upon volume of work done by the registered firm in a particular year as per decision of the Administrator, MICADA.

34) The Administrator, MICADA, Haryana reserves the right to accept or reject any or all the application(s) / quotation(s) without assigning any reason thereof.

35) There will be cooling period of three days after technical evaluation.

36) Civil Courts in Haryana, within whose jurisdiction any particular system pertains to and which is a point of dispute, shall have jurisdiction in the matter.

37) It is made clear that the MICADA is registering the firms to facilitate the farmers for providing wider choice at competitive rates, and not for Government purchase.

38) The Administrator, MICADA will be competent authority for suspension of registration, blacklisting and / or invoking of bank guarantee of any firm in the following conditions.

(a) If any registered firm violates any condition of the registration;

(b) If any registered firm found indulged in unfair means or activities;

(c) If a supplier/manufacturer change the manufacturing firm without the prior approval of MICADA;

(d) Non-submission of renewed copy of BIS license with in the stipulated time.

(e) If any registered firm fails to intimate regarding charging/quoting of lesser rates in any other government department/ organisation/agency in the State.

(f) In the event of supply of non-standard material against BIS specified items, submission of false documents, short supply of material against the bill, indulging in any fraudulent activity, not attending to the complaints of farmer, non-cooperation in sampling process etc.

Qualification Criteria for Manufacturers:

Manufacturing companies which have all the facilities to ensure supply of quality product as per BIS and can provide prompt after sales services will only be registered. The companies should be manufacturing below mentioned components and own BIS in their name: -

- For drip irrigation, company must manufacture at least lateral & emitting devices as specified conforming to BIS. For online drip irrigation system, company should be manufacturing lateral tubing as well as drippers as per BIS & for inline drip irrigation system, the company should be a manufacturer of inline emitting pipes.
- For portable sprinkler irrigation system, the company should manufacturer coupled PE pipes or sprinklers and should possess respective BIS.

- For other sprinkler irrigation system viz. Mini, Micro, Semi Permanent Sprinkler Irrigation System, the company should manufacturer either of PE/UPVC/Nozzle and should possess respective BIS.
- For large volume sprinkler irrigation system (rain gun sprinkler/centre pivot), the company should manufacturer PE pipe or nozzle and should possess respective BIS.
- **For automation,** the company should manufacturer of automation system.
- **For On Farm Water Tank** with 500-micron polyethylene sheet, the company should be manufacturer of 500-micron polyethylene and should possess respective BIS.

Qualification Criteria for Suppliers:

Supplier firms which have all the facilities to ensure supply of quality product as per BIS and can provide prompt after sales services will only be registered. The companies should have below mentioned infrastructure, manpower & machinery and should also have valid MoU with the prospective registered vendor (manufacturer only): -

- Office with minimum size of 100 Sq Ft.
- Godown with minimum size of 500 Sq Ft.
- Minimum Manpower requirement: Engineer-1, Agronomist-1, Computer Operator-2, Skilled manpower-5
- Machinery: All required machinery

The registration portal will remain opened round the year as per PDMC Guidelines, 2025. The interested manufacturers / suppliers may submit the application Online on the website www.micada.haryana.gov.in. The minimum application (s) received during a week or fortnightly or as the case may be, will be opened accordingly. The applicant firms are directed to submit the Registration Fee (DD) along with the hardcopy of the application with two days after apply on MICADA portal, otherwise the firm shall not be treated as eligible for registration. The participating firms will submit the fresh Bank Guarantee (BG) of requisite amount after issuance of letter of acceptance, the firms will submit an Undertaking on Non-judicial Stamp Paper as per format attached.

The rate quotations will be opened after technical scrutiny of the documents by the Committee already constituted for the purpose and all the participating firms may attend.
